Tablet pc

## The NCR DLI8 tablet gives you the freedom to take your technology anywhere you need to go

Backed by powerful and reliable Intel® technology, the NCR DLI8 tablet gives you the flexibility you need to serve your customers as quickly and efficiently as possible. The NCR DLI8's can be used in a variety of ways, including line busting and tableside ordering for your employees and video conferencing and photographing inventory for your managers.

### Improve your speed of service

Customers expect convenience and speed. The NCR DLI8 helps you serve your customers more quickly, improve your order accuracy and reduce employee training times. With a 8" display and 1024x768 resolution, the screen can be viewed easily and clearly at any time of the day, enabling use in both indoor and outdoor operations.

### Easily add mobile technology to your operations

The NCR DLI8 provides mobility and flexibility to fit any operation and can be easily integrated with your site's current network and software portfolio. Add optional payment and 2D scanner modules that include capabilities for magstripe, debit pin pad, contactless payment (NFC™), EMV™ and 2D barcode scanning, enabling you to provide your customers with several payment options.
